

ANIMAL PRINT DESIGN COLLECTION

Make a statement and "Go Wild"! It's easy to add a touch of drama to your home with Animal Print accessories. Suitable for modern and traditional schemes and available in any colours, use them as a subtle element in self-coloured designs, or just go plain crazy with contrasting colours.

Originally based on our Ruby quality using silk for the design in a finely spun wool background, but available in other fibres, the designs can also be applied to a rug of any size or even for wall to wall carpet.
